SITUATION SUMMARY

National News – Significant Events

Thousands Delayed At US Airports By Homeland Security Failure

(CBS) There were some long delays at airport all across the U.S. Wednesday night when the computer system used to check passengers against the federal terror watch list shut down for over an hour. International passengers traveling through DFW and other major airports were stuck in long lines as U.S. Customs and Border Protection agents searched the terror watch list and checked travelers passports by hand. The glitch affected the self-serve kiosks people coming into the United States can use to scan their passports. According to a statement from Homeland Security, there is no indication the system was hacked. According to officials, the system was back online after being down for almost 90 minutes.

Obama announces deployment of 300 troops to Cameroon

(Al Jazeera) US President Barack Obama on Wednesday notified Congress that he intends to deploy 300 troops to Cameroon to conduct intelligence, surveillance and reconnaissance operations. In a letter released by the White House, Obama said 90 personnel had already been deployed, and would be armed for self-defense. A senior administration official told AFP the deployment was "part of the counter Boko Haram effort." Cameroon, along with a growing number of west and central African nations, has been targeted by the armed group, who are expanding operations beyond the group's traditional base in northern Nigeria. Twin suicide blasts on Sunday killed at least nine people and injured 29 in far northern Cameroon. Two female suicide bombers carried out the attacks in the village of Kangaleri, security and local sources said. Nine people died when the first woman detonated a bomb in a restaurant. The second suicide bomber killed only herself, a local authority official said. The attack came a day after triple explosions in Chad left 41 dead. Both countries are part of a regional coalition that has been fighting Boko Haram.

International News – Significant Events

9 Months after discharge, relapsed UK Ebola patient 'critically ill'

(CNN) About nine months ago, Pauline Cafferkey was discharged from a London hospital -- seemingly signaling her victory in beating Ebola. Now, not only is Cafferkey back in the hospital with a rare relapse of the deadly virus, but she's gotten worse. London's Royal Free Hospital announced Wednesday afternoon that "Cafferkey's condition has deteriorated and she is now critically ill." The hospital didn't elaborate on the news about the Scottish nurse, who last year became the first person diagnosed with Ebola in the United Kingdom. But it's not a good sign, coming five days after the same medical facility confirmed Cafferkey had been transferred there from Queen Elizabeth University Hospital in Glasgow "due to an unusual late complication of her previous infection by the Ebola virus." That day, the Royal Free Hospital indicated that Cafferkey was in "serious condition" and being treated in a "high-level isolation unit." Last week Dr. Emilia Crighton, director of public health for the National Health Service for Greater Glasgow and Clyde, insisted that the risk of the 39-year-old Cafferkey inadvertently passing on Ebola to anyone else was "very low." "In line with normal procedures in cases such as this, we have identified a small number of close contacts of Pauline's that we will be following up as a precaution," Crighton said.

SITUATION SUMMARY

The Great ShakeOut, Exercise

- On 10/15/15 at 1015 hours, Federal, State, and Local emergency management experts and other official preparedness organizations are preparing for the "Drop, Cover, and Hold On Drill", which exercises the appropriate action to reduce injury and death during earthquakes.
- For more information on The Great California ShakeOut. See the attached link. www.shakeout.org

Knights Landing Community Services District Well Failure, Yolo County

- Per Cal OES IDO: Knights Landing Community Services District (CSD) reported a well failure on 10/12/15. This follows a separate well failure several weeks ago. The CSD is now operating on one well. In support of Yolo County and the CSD, Cal OES is coordinating with State Water Board to investigate funding sources to support repairs.
- Yolo County EOC Activated at Level 2 beginning 0900 on 10/13/15 in support of Knights Landing CSD Well Failure.

Cal OES Activation Status

- The Cal OES State Operations Center (SOC) transitioned to Joint Field Office (JFO) operations with FEMA to support recovery operations.

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

Weather of Concern

- A low pressure system will move slowly across California and Arizona today through Saturday. Most of the showers will be “garden variety” but some of them will be full-fledged thunderstorms. A subset of those will be strong or even severe. Strong storms today will be most likely over southeast California and into southwest Arizona. The potential expands eastward Friday. Isolated strong-severe storms will be possible across the forecast area Friday.

Active Weather Warnings, Watches and Advisories by County:

http://www.wrh.noaa.gov/sto/brief/wwwa_bc_cal.php

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

Warmer than normal and dry conditions are expected through much of the work week away from the immediate coast. A weak front may bring very light rain to the region on Saturday.

Medford Weather:

The upper low over Southern California is slowly edging inland and Northern California is still being influenced by upper level ridging. Temperatures today will likely be similar or lower by a few degrees with increasing high clouds. Readings will be solidly 10 to 15 degrees above normal for most of the forecast area.

Reno Weather:

A low pressure system drifting across southern California will bring increased chances for showers and isolated thunderstorms through Friday. Another low moving inland from the west coast will keep shower chances going through this weekend. Temperatures will cool off to near seasonal normals by the weekend, before warming slowly again next week when dry conditions return.

San Francisco Weather:

Showers with a few thunderstorms are expected through the morning especially for spots south of San Francisco bay. Dry conditions will return by Friday along with cooler temperatures.

Another system approaching from the west will bring a slight chance of precipitation on Saturday especially over the North Bay.

WEATHER

WEATHER SYNOPSIS BY REGION:

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY:

Sacramento Weather:

A chance of showers or thunderstorms south of Highway 50 today and over the Sierra Cascade range today and Friday can be expected. Today and Friday will be cooler, but will still see above normal temperatures. Shower chances will mainly be over the mountains through the weekend.

Hanford Weather:

An upper level low will slowly move through the region today. This system will bring slightly cooler temperatures to the area along with chances of showers and thunderstorms. Another system will push through the region over the weekend bringing another chance of showers to the area on Saturday night and Sunday.

SOUTHERN CALIFORNIA:

Los Angeles Weather:

An upper level low pressure system will bring a chance of showers and a slight chance of thunderstorms to southwestern California through Thursday evening. The activity is expected to linger in the mountains into Friday. Another low passing to our north Sunday will support a temporary drop in temperatures and humidifies. High pressure will move in next week for a warming trend.

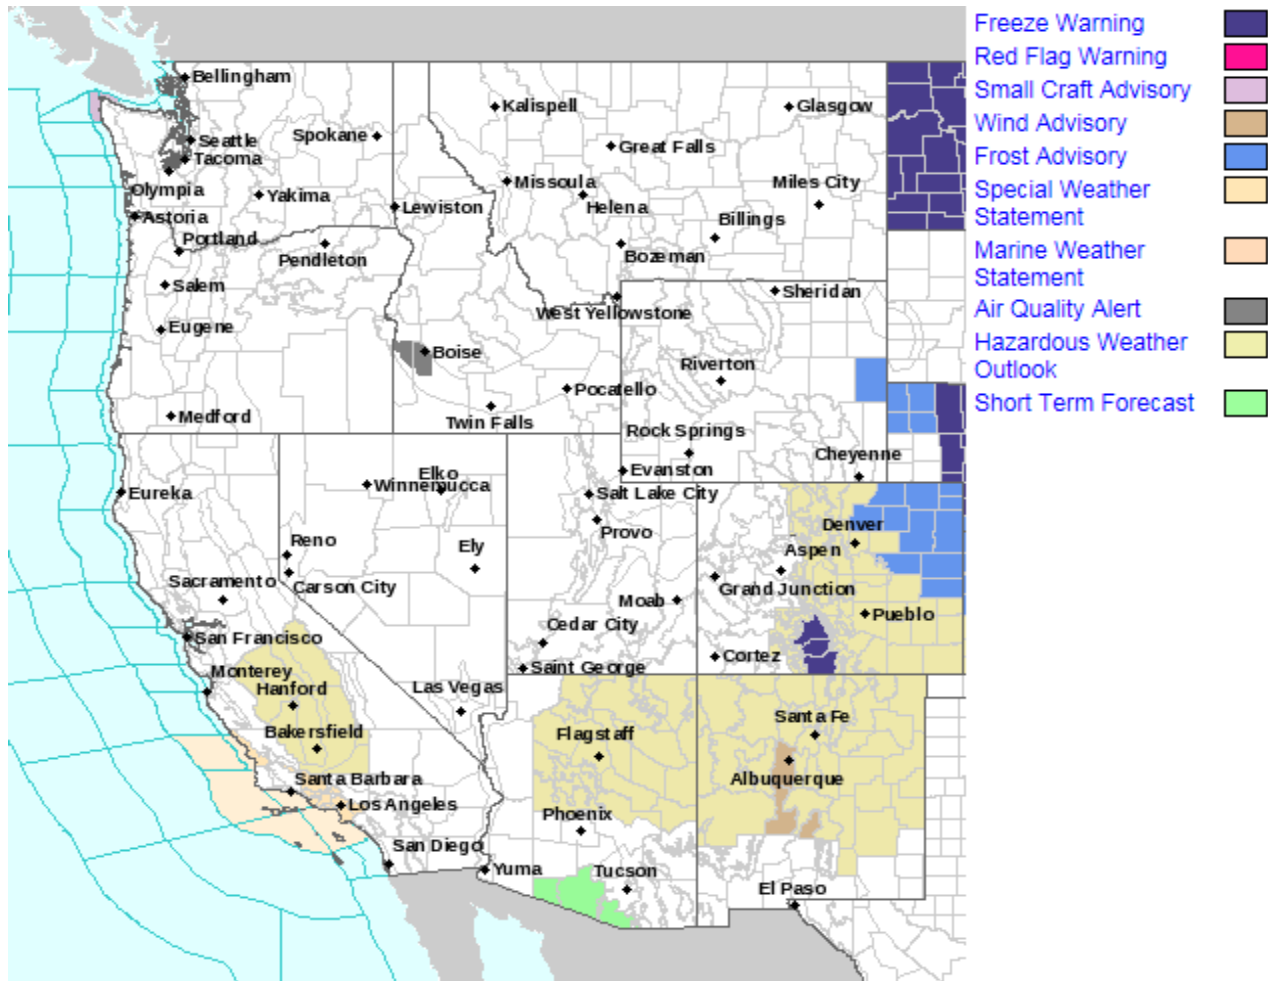

Extreme Southwestern California including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

A low pressure system will drift across southern California through Friday accompanied by areas of clouds cooler weather and a chance of showers and thunderstorms mainly in the mountains and deserts. The cooler and humid weather will persist through the weekend followed by offshore flow and much warmer weather again for early into the middle of next week.

Southeast California Weather:

A slow moving Pacific low pressure system will move slowly across California and Arizona today through the weekend. Showers and thunderstorm chances increase today mainly over southeast California and southwest Arizona. A follow-on system will move across the region Sunday through Tuesday. It will not have as much moisture with it but enough for at least slight chances of rain. It will also bring a little bit of additional cooling.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC is activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Recovery/Individual Assistance finalized an updated 2015 version of the drought brochure of programs and services for individuals, businesses, farmers, and ranchers. It has been put on the Governor's Drought webpage. State agencies may put the following link to the brochure on their webpage <http://ca.gov/drought/pdf/Drought-Assistance-Brochure-2015.pdf>
- Cal OES Regions (Inland, Coastal, Southern) collective OA drought call is facilitated by the SOC every Monday at 1100 hours.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

Local Emergency Proclamations:

A total of 60 local Emergency Proclamations have been received to date from city, county, and tribal governments, as well as special districts:

- 27 Counties: Butte, El Dorado, Fresno, Glenn, Inyo, Humboldt, Kern, Kings, Lake, Madera, Mariposa, Merced, Modoc, Plumas, San Bernardino, San Joaquin, San Luis Obispo, Santa Barbara, Shasta, Siskiyou, Sonoma, Stanislaus, Sutter, Trinity, Tulare, Tuolumne, and Yuba.
- 12 Cities: City of Live Oak (Sutter County), City of Lodi (San Joaquin County), City of Manteca (San Joaquin County), City of Montague (Siskiyou County), City of Porterville (Tulare County), City of Portola (Plumas County), City of Ripon (San Joaquin County), City of San Juan Bautista (San Benito County), City of Santa Barbara (Santa Barbara County), City of Rancho Cucamonga (San Bernardino County) and City of West Sacramento (Yolo County) and City of Willits (Mendocino County).
- 9 Tribes: Cortina Indian Rancheria (Colusa County), Hoopa Valley Tribe (Humboldt County), Karuk Tribe (Siskiyou/Humboldt Counties), Kashia Band of Pomo Indians of the Stewarts Point Rancheria (Sonoma County), Picayune Rancheria of Chukchansi Indians (Madera County) Sherwood Valley Pomo Indian Tribe (Mendocino County), Tule River Indian Tribe (Tulare County), Yocha Dehe Wintun Nation (Yolo County), and Yurok Tribe (Humboldt County).
- 12 Special Districts: Carpinteria Valley Water District (Santa Barbara County), Goleta Water District (Santa Barbara County), Groveland Community Services District (Tuolumne County), Lake Don Pedro Community Services District (Mariposa Stanislaus County), Mariposa Public Utility District (Mariposa County), Meiners Oaks Water District (Ventura County), Montecito Water District (Santa Barbara County), Mountain House Community Service District (San Joaquin County), Nevada Irrigation District (Nevada County), Placer County Water Agency (Placer County), Tuolumne Utilities District (Tuolumne County), and Twain Harte Community Services District (Tuolumne County).

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
